The Hon. Christopher J. Christie
Governor
State of New Jersey
State House
101 West State Street
Trenton, New Jersey 08625

Dear Governor Christie:

Kindly accept this letter as my request that I not be considered for reappointment as a Justice of the Supreme Court of New Jersey.

When my service on the Court is added to my earlier service as an Assistant United States Attorney, I have dedicated nearly a third of my career to public service, with all that such service entails. Although the rewards of public service and, in particular, service on the Court are many, it is time for me to return to my first and true professional love: the practice of law.

I always will be grateful for the unique opportunity of service this appointment has provided, and I extend my warmest and best wishes to whoever my successor may be.

Wishing you and yours a happy, healthy and prosperous New Year, I remain,

Yours most sincerely,

A handwritten signature in black ink, appearing to read "Roberto Rivera-Soto".
